Inateck Laptop Sleeves, Carrying Cases and Organizer

# About Us

Starting in Germany, with the idea “Enhance your Digital life”, Inateck has been specialized in the research, design, production, and sales of computer peripherals and electronic gadgets since 2012. Our products cover protective cases for laptops, bluetooth keyboards for tablets, hubs, hard drive enclosures, and PCIe cards etc. Inateck business spreads across Europe, North America, Japan, Australia, and other populated countries and areas.

Simplicity advocated, inateck has been trying its best to remove all the redundant elements in the design of protective cases for laptops, using simple lines to outline the classics. Holding this idea inateck created felt series of laptop sleeves, being the pioneer in the industry of protective cases. Keeping itself innovative, inateck created Edgekeeper and Ultra-thin series, both of which play the engine roles, making the development of inateck sustainable. Exactly, Edgekeeper attempts to provide laptops with 360° superior protection which effectively lowers the damage probability of laptops. The products of Ultra-thin series look sleek and slim and are portable, being liked by the customers.

## Our Services

### Pre-sales Advices

How to make a choice?  
Are more professional consulting services needed?  
Our professional pre-sales consulting team will serve you at all time.

### After-sales Services

We can provide legal after-sales service guarantee.  
If you encounter any problem related to our products,  
please contact us in time.  
We will provide you with satisfactory after-sales services.

### Product Customization

Our company has a professional customized service team  
and our customized services include but are not limited to the following:

- Change color of products;
- Change dimensions of products;
- Develop new products
- Others
